THE MILLION DOLLER SECRET HIDDEN IN YOUR SMARTPHONE! From the desk of Sarprio Doranti: Please take notice of the testimonies from customers, about their success with the Smartphone Bank Vault... People ask me all the time, "what is the Smartphone Bank Vault, and how does it work?" To this I answered: The Smartphone Bank Vault is fast and extremely easy to make money!

In the early 1980's I made thousands of dollars with the 1(900) number, providing business consultation services to individuals and corporations at \$15.95 per minute. The 1(900) phone system was a success in the 1980's. Now 1(900) numbers are mainly used for psychic lines, adult erotic services, etc. 1(900) numbers are not as popular as they were in the 1980's. Today, a lot of law firms and business consultants, no longer use 1(900) numbers.

Smartphones are the new way to make money, and I gave it the name: Smartphone Bank Vault®. This is not a book, or huge manual, it is simply an exclusive TOP-SECRET, that I am only selling to a limited selection of individuals! The following are testimonies by 100% satisfied customers. This is your proof that you too can make a fortune with your smartphone, if that is your sincere desire.

"Mr. Doranti, Wells Fargo bank turned me down for a business loan, I wanted to borrow, \$10,000.00... I really don't respond to junk mail, I did find your flyer that I received in the mail interesting. I mailed in the payment of \$24.95 and received a piece of paper, and was nervous, however by using the TOP-SECRET I made **\$27,649.00** just with my smartphone! I am so glad that I responded to your flyer. I am not sure how I got on your mailing list, but it was the best mail I've ever received. Now I do have the money for my small business. Thank you for helping me succeed and grow!"

- Thomas Davis.

"Mr. Sarprio Doranti, I received your flyer in the mail, and after I read it, I thought to myself, this has to be some kind of scam, and I am not going to get ripped off, and if it was this simple everyone would be doing it and getting fast money". I paid \$759.99 for my Samsung Galaxy Note 5—32GB Smartphone, and I decided to mail in the \$24.95 for the Smartphone Bank Vault. I figured that I just had to see if I can make money with my Samsung. I was completely amazed! I read the paper, then followed and tried your SECRET and, I made **\$18,597.00** with my SMARTPHONE! The Smartphone is a Bank Vault, and the money continues to come non-stop! I am a satisfied and successful customer. You are indeed a master mind when it comes to making money. I am surprised you're allowing people in on this SECRET, but am so honored to have been able to do business with you. "People don't know that their Smartphone is a Bank Vault. I sure didn't. I will always value and praise your SECRET. Thank you, this was a real Game-Changer!"
